

PROFESSIONAL USAGE:

STEP 1. Buff your fingernails with a nail file, removing the shiny coating of the gel polish.

STEP 2. Take one pack of Gel Soak Off Nail Polish Remover. Tear along the line.

STEP 3. Wrap your finger inside the package, Make sure the soaked cotton pad is on top of your buffed nail and keep the cotton pad in place.

STEP 4. Repeat step 3 for each individual nail.

STEP 5. Wait for 7 to 10 minutes, remove the Nail Polish Remover. Then remove the remaining gel polish with nail tools.

STEP 6. Clean up each individual nail. And you are done!
